JNSHS BYOd Short-term Loan Agreement

At James Nash State High School, students are encouraged to bring their own device (BYOd) for learning. These devices will provide students with opportunities to engage in contemporary learning activities, those that connect students with information and tools beyond the traditional classroom experience. The extent to which these devices will be used in different subjects varies; details of BYOd use for the specific subjects your student studies is located on the school website, <https://goo.gl/YxjmAe>, under *Device use by faculty*.

BYOd supports student learning at the times that suit their busy schedule best. By having 24/7 access to their own device, beyond the school day, students are empowered to manage how, when and where their learning occurs. Further information of the benefits of 1:1 learning and BYOd are detailed in the *BYOd Community Information Session* presentation, also located on the school website <https://goo.gl/YxjmAe>.

To further support families the school has redeployed some of the old NSSCF fleet to become a set of laptops available for school day only borrowing. Access to this program is not compulsory; families may choose to opt-in if they wish their student to have access to a school computer in times of BYOd repair. **Please note that these devices are not covered by warranty or insurance and if damaged full cost of repair will be met by the student/family.**

These devices can be accessed by students for a maximum of 10 school days, and only in situations where the student BYOd is in for repair and not available for use. This is a limited fleet of devices and is only available on a first-in first-served basis.

To be eligible to use a BYOd Short-term Loan laptop, students and parents must have signed the BYOd Charter Agreement and the BYOd must have already been connected to the school network. To access a short term loan laptop, given these conditions have been met, bring this signed form to the Tech Room @ Student Services.

Please note, these devices are for short term loan only and in cases where the student's BYOd is in for repair.

Yours Faithfully

Karen Swift
Head of Department – Information Technology

Mark Swan
A/Deputy Principal – Teaching and Learning

By signing this agreement, I confirm that I have read and understood the terms and conditions as indicated above.

Anticipated date for return of BYOd from repair: _____

Student's name

Signature of student

Date

Parent / guardian's name

Signature of parent / guardian

Date

Great state. Great opportunity.
